«Implementation and harmonisation of HTA methods in the Eurasian Economic Union»

ISPOR 19th Annual European Congress
15.30-17.00, Tuesday, November 1st, 2016
Room: Hall G1 (L2), Austria Center Vienna
Vienna, Austria

AGENDA

Moderator

Vitaly Omelyanovskiy, MD, PhD, DSc, Professor, President, ISPOR Russia HTA Chapter, Director, FSBI «Center of Healthcare Quality Assessment and Control» of the Ministry of health of the Russian Federation, Director, Center for Health Technology Assessment (HTA), Russian Presidential Academy of National Economy and Public Administration (RANEPA)

Meeting Purpose and Objective(s)

Aim of the Meeting: Implementation of common methodology in HTA is important for all the countries of Eurasian Economic Union, therefore the discussion of possible ways of collaboration of Eurasian Economic Union countries at the different levels of healthcare system and harmonisation of approaches in health technology assessment (HTA), including evidence-based medicine and economic evaluation, would be valuable in the framework of the upcoming joint meeting.

Expected outcome: to discuss and develop possible ways of cooperation and common approaches in health technology assessment in Eurasian Economic Union.
